

Consumer Product Safety Commission

§ 1401.1

(2) The definition for lawn darts in this rule is not intended to include arrows or horseshoes, nor is it intended to apply to indoor dart games that use a vertically-placed target, such as "English darts" or "American darts."

(d) *The need of the public for lawn darts, and the effects of the rule on their utility, cost, and availability.* The need of the public for lawn darts is for recreational enjoyment. Substitute recreational enjoyment can be obtained from other products. Lawn darts will not be available through commercial channels after the effective date of the ban.

(e) *Alternatives.* (1) The Commission considered various labeling requirements and limitations on the marketing of lawn darts that would be intended to discourage the marketing of the product to children and the use of the product by children. The Commission concluded, however, that these types of requirements would not preclude substantial use of the product by children and would not reduce adequately the risk of injury addressed by this rule.

(2) The Commission also considered the possibility of performance requirements for lawn darts to determine which lawn darts present an unreasonable risk of injury of skull penetration to children, but such requirements were determined not to be feasible.

(f) *Conclusion.* The Commission finds:

(1) That this rule, including its effective date, is reasonably necessary to eliminate or adequately reduce the unreasonable risk of skull puncture wounds to children associated with lawn darts and will also eliminate or reduce the other injuries, including puncture wounds, that have been associated with this product.

(2) That issuance of the rule is in the public interest.

(3) That no feasible consumer product safety standard would adequately protect the public from the unreasonable risk associated with lawn darts.

(4) That the benefits expected from this rule bear a reasonable relationship to its costs.

(5) That the rule imposes the least burdensome requirement which prevents or adequately reduces the risk of

injury for which the rule is being promulgated.

§ 1306.5 Effective date.

This rule is effective December 19, 1988 and applies to all lawn darts in the chain of distribution on or after that date.

§ 1401.1 Scope.

This part 1401 establishes requirements under section 27(e) of the Consumer Product Safety Act (15 U.S.C. 2076(e)) for marketers and importers of self-pressurized consumer products that contain chlorofluorocarbons as propellants to provide notification of certain performance and technical data to prospective purchasers of such products at the time of original purchase and to the first purchaser of such products for purposes other than resale. The notification shall consist of a label on the product stating that it contains a chlorofluorocarbon that may harm the public health and environment by reducing the ozone in the upper atmosphere. Also, manufacturers and importers must provide the commission with reports identifying which of the self-pressurized consumer products sold by them contain chlorofluorocarbon propellants.
